

CAPS Machine and Tool, LLC

Precision Machining & Tooling Solutions

www.capsmandt.com | pjennings@capsmandt.com | (214) 735-9564

Core Competencies

- CNC milling and turning for precision metal and plastic components
- Custom tooling design and fabrication
- Prototype development and short-to-medium production runs
- Reverse engineering of obsolete or legacy parts
- Tight tolerance machining for aerospace, defense, and industrial applications

Differentiators

- Decades of hands-on experience in precision machining and fabrication
- Agile and responsive shop capable of quick turnaround and custom orders
- State-of-the-art equipment and CAD/CAM capabilities
- Dedicated to quality, accuracy, and customer satisfaction
- Proven reliability on time-sensitive and complex jobs
- Small business flexibility with big shop capability

Past Performance

- Successfully delivered precision components to industrial, oil & gas, and commercial clients
- Readiness and capability to meet federal and DoD requirements for custom machining and tooling
- Strong track record of repeat business and customer referrals

Company Data

- UEI: F5CMR6LZZQM8
- CAGE Code: 12PQ3
- NAICS Code: 333517 – Machine Tool Manufacturing
- Business Size: Small Business
- Location: Ponder, Texas
- Owner: Patrick Jennings
